

National Chung Hsing University Bachelor's Program Regulations

Enacted in the 87th Academic Affairs Meeting on Apr. 25th, 2024
No.1130061618 official letter approved by Ministry of Education on Jul. 18th, 2024
Amended (Articles 2, 4, 7 & 8) in the 88th Academic Affairs Meeting on Nov. 13th, 2024

Article 1 To help students adaptive development according to their aptitudes and integrate diverse, interdisciplinary learning opportunities, the National Chung Hsing University Bachelor's Program Regulations (referred to as "the Regulations") have been established to cultivate creative and interdisciplinary talents.

Article 2 The bachelor's degree mentioned in these guidelines refers to a bachelor's degree awarded by the college after a student completes the courses and credits required by the college.

Students [in undergraduate programs](#) should apply for a bachelor's degree based on their individual needs.

Article 3 Each college can establish bachelor's degree programs based on its teaching and research development features.

Each college should submit a proposal and key points for the program when setting up a bachelor's degree program. After approval by the college council and the academic affairs meeting, it will be implemented from the date of announcement.

The aforementioned proposal and the key points should include the following details:

1. Purpose
2. Required Courses: Should include both compulsory and elective courses as specified by the college, clearly listed in the graduation requirements table. These should be reviewed and approved by the respective curriculum committees at different levels and then submitted to the Registration Division for record-keeping. The same procedure applies when changes are made to graduation requirements.
3. Counseling Systems
4. Degree Title and Conferment Method: The college should establish a review committee to develop regulations for conferring degree titles and the requirements for awarding them. The composition of the review committee and its review procedures are determined by individual colleges.
5. Eligibility requirements, timelines, and review procedures for handling applications.
6. Number of Enrolment
7. Other Regulations

Article 4 Undergraduate program students can apply for bachelor's degree before the registration deadline of the fall semester of their final academic year (excluding extended study periods). Applications must be submitted by the deadline specified in the academic calendar and follow the announced procedures.

Students approved to study will pursue the degree stipulated in the Regulations as a double major, [and must comply with the regulations stipulated in the NCHU Regulations on Students Pursuing Double Major Studies regarding the study period.](#)

Article 5 Students pursuing a bachelor's degree will have their eligibility to graduate reviewed by each college, and upon approval, the Registration Division will issue their degree certificates.

Article 6 If a bachelor's degree program is to be terminated, an explanation and support measures for affected students should be provided one academic year in advance, with approval from the college council and the academic affairs meeting.

Article 7 For any matters not mentioned herein, please refer to NCHU Student Study Regulations, [Guidelines for Pursuing a Double Major](#), and relevant regulations.

Article 8 [These regulations and any amendments hereto shall be approved in academic affairs meeting before taking effect.](#)
